# Allies Won Naval Victory When British Engaged Germans in the South Atlantic

## GERMAN ADMIRAL AND 2,000 SAILORS SENT TO BOTTOM WITH SHIPS

LONDON, DEC. 10.—IT IS BELIEVED TO HAVE BEEN NINE BATTLESHIPS OF THE BRITISH FLEET THAT DEFEATED THE GERMAN FLEET, TUESDAY, OFF THE FALKLAND ISLANDS IN THE SOUTH ATLANTIC, AND CAUSED THE LOSS OF NEARLY 2,000 LIVES. THE GERMAN CRUISERS SCHARNHORST, GESLSCHARNHORST, GNEISENAU AND LEIPSIG WERE SUNK. NEWS OF THE CAPTURE OF THE GERMAN CRUISERS DRESDEN AND NURNBURG IS EXPECTED HOURLY. VICE-ADMIRAL STURDEE OF THE BRITISH NAVY IS THE HERO OF THE HOUR.

ADMIRAL GRAF VON SPEE WENT DOWN WITH HIS FLAGSHIP, THE SCHARNHORST, WHICH BECAME A SEETHING FURNACE.

IT IS OFFICIALLY ANNOUNCED THAT NO BRITISH SHIP WAS SERIOUSLY DAMAGED.

BUEOS AIRES, DEC. 10.—IT IS REPORTED HERE THAT A JAPANESE FLEET CHASED THE ILL-FATED GERMAN WARSHIPS FROM THE PACIFIC INTO THE ATLANTIC AND INTO THE CLUTCHES OF THE BRITISH FLEET.

THREE GERMAN MERCHANTMEN WERE SUNK BY THE ALLIES' WARSHIPS OFF THE COAST OF TERRA DEL FUEGO, SUNDAY.

BUEOS AIRES, DEC. 10.—AN UNCONFIRMED REPORT TODAY SAYS THE GERMAN CRUISERS NURNBURG AND DRESDEN WERE OVERTAKEN AND SUNK BY THE BRITISH SQUADRON.

HEAVY FIGHTING IN GALICIA.

VIENNA, Dec. 10.—Despite severe storms in Galicia, heavy fighting between the Austrians and Russians continues, being most severe in the western districts. Calm reigns along the southern front in Poland.

## AUTOMOBILE CRASHES INTO ROADSIDE TREE

PARTY FROM NEW SMYRNA MEETS WITH ACCIDENT IN THIS CITY—NO ONE SERIOUSLY INJURED.

An "E. M. F." touring car owned and driven by J. H. Reddick, contractor of New Smyrna, and containing a party of four other New Smyrna gentlemen, dashed into an oak tree in the Ridgewood avenue parkage opposite the J. J. Randall residence, Wednesday evening, between 7:30 and 8:00 o'clock. That no one was seriously injured is only accounted for by the fact that the car was proceeding at a moderate speed, according to members of the party, as the gas headlights had failed shortly before reaching the city. The driver evidently expected to take a corner but instead landed with considerable force against the before-mentioned oak.

Carl W. Hawkins, cashier, who was in the front seat with the driver, received a badly bruised knee, and a nasty cut on the thumb of his left hand from the glass of the broken windshield. The car was damaged considerably, bent axle, bent radius rod, damaged radiator, crumpled fender and broken windshield and headlight glass, resulting from the accident.

Mr. and Mrs. Acklin Stilling returned Wednesday from their wedding trip down the East Coast as far as Detroit. They made the journey southward by automobile, stopping briefly at various points along the way, including Palm Beach and Miami, and had a fine trip, the roads being excellent, Mr. Stilling says. The return was made by train. Mr. and Mrs. Stilling are making their home with Mrs. Stilling's parents, Mr. and Mrs. A. S. Randall, at Daytona Beach.

### GERMANS CAPTURE TOWN AND PRISONERS.

BERLIN, Dec. 10.—German troops have captured the Polish town of Przasnysz, north of the Vistula river, with 600 prisoners. In southern Poland all of the Russian attacks were repulsed. At the west French attacks in the eastern region of the Argonne, at Recroi and Courtaulles, made no progress.

### GEORGIAN NOMINATED FOR FEDERAL JOB.

WASHINGTON, Dec. 10.—Thomas S. Felder of Georgia was today placed before the president by Senator Hardwick as a candidate for appointment as member of the federal trade commission.

## PART LOWICZ BURNING AS GERMANS BOMBARD; KAISER SENDS MORE MEN

PETROGRAD, DEC. 10.—GERMAN NIGHT ATTACKS IN THE VICINITY OF LOWICZ, REVEALED BY POWERFUL RUSSIAN SEARCHLIGHTS, HAVE BEEN REPULSED. THE GERMANS ARE BOMBARDING LOWICZ, AND A PORTION OF THE CITY IS IN FLAMES. THE ENEMY IS FIGHTING DESPERATELY TO GAIN POSSESSION OF THE RAILROAD BETWEEN GLOWNO AND LOWICZ, BUT THUS FAR HIS ATTEMPT HAS FAILED.

EXPERTS DECLARE THE RUSSIAN EVACUATION OF LODZ WILL BE OF NO BENEFIT TO THE GERMANS, BECAUSE THEY ARE UNABLE TO BREAK THROUGH THE RUSSIAN LINES EAST. FIERCE FIGHTING AROUND CRACOW CONTINUES.

PETROGRAD, DEC. 10.—THE GERMANS IN POLAND HAVE BEEN RE-ENFORCED BY 300,000 MEN, INCLUDING 60,000 CAVALRY FROM THE WEST.

SINCE THE WITHDRAWAL OF THE RUSSIANS FROM LODZ THEY HAVE CONCENTRATED ALONG A STRATEGIC LINE RUNNING SOUTHWARD THROUGH LOWICZ TO CRACOW AND NORTHWARD ACROSS THE VISTULA TO THE FIGHTING AREA AROUND MLAWA. INCENSANT FIGHTING IS A FEATURE AT BOTH ENDS OF THIS 250-MILE LINE. THE GERMAN ATTEMPT YESTERDAY TO PIERCE THE RUSSIAN LINE SOUTH OF CRACOW WAS REPULSED WITH TERRIBLE BLOODSHED TO THE ATTACKING FORCES.

### WARPLANE MENACED GERMAN CITY.

BERLIN, Dec. 10.—An aeroplane belonging to the Allies again flew over Freiburg today and dropped bombs, but was driven away by artillery. No serious damage was done.

### NO CITRUS CANKER IN DAYTONA OR VICINITY

A. M. Henry, formerly assistant state chemist, was in the city the forepart of the week from points down the coast, making an investigation of citrus trees in this vicinity in relation to the dread disease of canker which has been giving such trouble in the southern part of the state. Mr. Henry found no evidence of the disease in this locality and said that such a persistent and determined fight was being waged against it in the infected districts that he thought it would be entirely eradicated within six months or a year at the longest.

## EBBITS TO BE HERE 17TH OF DECEMBER

OWNER OF THE BROOKLYN NATIONALS COMING TO ARRANGE FINAL DETAILS OF CLUB'S VISIT TO DAYTONA.

Michael Sholtz today received a telegram from his business partner, Jas. K. Atkinson, of Brooklyn, stating that Owner Ebbits of the Brooklyn National baseball club had definitely agreed to bring the team to Daytona for winter practice. Mr. Ebbits will be here on or about December 17th to arrange the final details.

Mr. Atkinson also stated that the National League association is now in session in New York, and that newspaper men from all over the country are there. By tonight, he said, they will all know that this has been selected as the Brooklyn club's training place. Mr. Atkinson refers to the fact as a "great thing for Daytona."

Mr. Sholtz expects to busy himself with preparations for building a ball park, near the Nautilus casino, to accommodate the Superbas. A number of exhibition games with other big league teams, several of which will be played here, are to be arranged.

DOMESTIC SCIENCE CLASSES  
IN PUBLIC SCHOOL POPULAR

The domestic science classes of the  
public schools are ones in which all  
citizens and patrons should take an  
active interest. The public schools of  
this city are especially fortunate in  
the possession of such a fine depart-  
ment. While there is not at present  
all the equipment necessary for some  
of the branches coming under the de-  
partment head, it is satisfying to  
know that what we have is of the best.

That the course is popular with  
those students, with which it is an  
elective subject, is shown from the  
fact that 18 or 20 of the high school  
girls are enrolled in the domestic  
science classes, while about 15 are  
in other classes.

### ORMOND

ORMOND, Dec. 9.—Mrs. James E. Francis is in Jacksonville and will spend several days with her son, Dr. Nelson W. Francis and Mrs. Francis.

The annual thank offering for foreign missions, held at the home of Dr. and Mrs. John M. Richmond on Tuesday afternoon was a very pleasant affair. The contributions amounted to nearly \$28.00. After the programme Mrs. Richmond served most delicious refreshments. Thank offering day is looked forward to by the missionary workers in the Union church as being a red letter day in the society.

The ladies of the Village Improvement association gave a New England supper at the library rooms on Thursday evening of last week, which proved a success both as a supper and socially. The affair netted nearly \$35, which sum will be applied on the building fund for the new library. The committee in charge were Mrs. James P. Vining, Mrs. Daniel Abbott and Miss Ella Foulke. The supper was served by several of the young men in town who certainly did the work very creditably.

Miss Anna Lippincott, who has been spending the summer at her home in New York state, as well as visiting in Philadelphia, Pittsburgh and Washington, has arrived in Ormond and will again occupy her cottage on Palmetto street.

George P. Shiras, of Marquette, Mich., is now in Ormond, having come down in advance of his family, not having been quite well for some time back. The Shiras home on the Peninsula drive has been opened for his occupancy.

Notice has come of the death of John J. Hopkins, which occurred at

his home at LaSalle, N. Y., on December 1st. Mr. Hopkins was one of the prominent citizens of LaSalle, and was well known in Ormond, where he had spent several winters. It is stated that his malady was some trouble of the heart. Mr. Hopkins had written to engage a house for the winter in Ormond, but growing worse was unable to come.

Gilbert Griffin, of Granby, Conn., is now in Ormond and reports Mrs. Griffin as still quite a sufferer from neuritis.

The regular meeting of the V. I. A. was held in the library rooms on Friday afternoon, December 4th, the president, Mrs. Macon Thornton, in the chair. After the usual reports from the various committees had been given and new business dispatched the program of the afternoon followed. It was Civics day and in charge of Mrs. George H. Sage, chairman of the civics committee, and Mrs. John A. Reilly. Mrs. Sage, who is still in Hartford, Conn., her northern home, sent an entertaining letter to the association on this subject, which was read by Mrs. Reilly, with her own paper on civics in the town, also giving a history of the tree planting for the past few months. The town and the civics committee are working together in many respects and a bettering of conditions as well as growth and improvement is evidenced along all lines. Miss Julie Seabloom rendered most acceptably two piano selections. The hostesses for the day were Mrs. Daub, Mrs. Richmond, Mrs. Frederick Carnell and Miss Ella Foulke.

### PICTURES TAKEN FOR THE HIGH SCHOOL SENTINEL

The pictures of the various classes and organizations of the high school, which will be used in the high school annual, the "Sentinel," were taken at the high school building Wednesday afternoon. The Sentinel is well known to all who take an interest in the school, this being the seventh year that it has been published by the students of the institution.

It is the intention of those who are connected with the publication, to have the year book ready for circulation by January 10th or 15th. It is planned by the management to have this year's book even more comprehensive than usual;

pictures of the various athletic teams and of the domestic science girls, in addition to those of the classes will be pleasing features. Miss Margaret Brokaw is editor of this year's publication and Curtis Gardiner holds the position of business manager.

### DOCTOR DEAN T. SMITH ADDRESSES ASSOCIATION

The meeting of Mothers' and Teachers' association, held Wednesday, December 9th, in the public school building was very well attended.

The chairman, Mrs. J. P. Esch, opened the meeting with a short, interesting talk on items of school interest.

Dr. Dean T. Smith's address to the association was especially enjoyed and some of his pleasantly given and helpful ideas will long be remembered.

Mrs. Wilson Allen read a splendid article on "A Sane and Sensible Christmas," whereby a better and happier Christmas might result. This was fol-

### LARGE FORCE OF MEN AND TEAMS AT WORK

The scene of the greatest development activity at present in Daytona is at Bostwick Park, just over the South Bridge from the center of the business section.

For several weeks a number of teams of men have been at work grading the streets of this new subdivision. Yesterday several additional teams and a new force of men were put at work grading the streets and improving the property.

The work of hard surfacing the streets and putting in the concrete sidewalks and building the ornamental columns of coquina at the entrances of the streets will next be done and the palm trees and ornamental shrubs will be planted in the center of each street.

City water, electric lights, gas and telephones have already been installed on the property. Permanent lot stakes are being put in to mark the lots by Engineer C. M. Rogers.

Bostwick Park will not be formally opened for sale until the improvements are well under way. The date will be fixed about January 10th or 15th but many local people have reserved lots and it is predicted by all that the property will be sold out rapidly and that it will be the quickest and largest sale of high-class homesites ever known in Daytona.

The price of the entire property with all the improvements in and paid for, including paved streets and concrete sidewalks, will be less than the price asked for one strip of the property several years ago, being about one-third of the tract now comprising Bostwick Park.

The property will be restricted as to the cost of dwellings to be erected and will be such as to not to discourage building but to encourage homes which will increase the value of all lots in the tract. There will be a 30-foot building line back from the front line of the lots so as to give the property a uniform park-line appearance.

Several of the parties who have recently made reservations of lots, are now getting plans drawn to build as soon as the improvements on the property are completed.

A home costing more than one hundred thousand dollars is now being built on the river front at Bostwick Park by E. L. King and another dwelling of coquina costing about ten thousand is being completed on the ocean front. With these modern homes and those which will be built in the near future and the improvements the company is making on the property it will be the "show place" of Daytona.

The property is owned by F. C. Conrad of this city and Bert Fish of DeLand. The Merchants Bank is depositary for Bostwick Park and makes all collections and delivers all deeds and abstracts.

The Kayag-Marshall Realty Co., specialists in suburban development, have charge of the development and sale of this beautiful property. They have an office with Conrad & Oates, 234 South Beach street, also an office on the property corner of Silver Beach avenue and Peninsula drive. Their automobiles are at the service of all who desire to inspect the improvements now being made at Bostwick Park.—Advertisement.

Two days' sessions held in Congregational Church.

Officers were elected for ensuing year.

The East Central District Christian Endeavor convention held in this city Monday and Tuesday was both interesting and instructive. The sessions were held in the Congregational church and the delegates were entertained by the societies of the Christian and Congregational churches. The district embraces the counties of Brevard and Volusia and includes nine societies in these counties.

Duncan B. Curry of Jacksonville, president of the Florida Christian Endeavor union, was present and delivered two very helpful addresses.

The principal speaker at the convention, however, was Karl Lehman of Boston, Mass., field worker and international secretary, whose addresses were most interesting and instructive.

Mr. Lehman, who is a speaker of national reputation, paid this city a high compliment, saying that in all his travels from Alaska to Panama and abroad, he had never seen a city as beautiful as Daytona.

Officers for the ensuing year were elected as follows: President, Rev.

G. V. Albertson of DeLand; vice-president, Rev. C. H. Ferran of DeLand;

superintendent of junior work, Mrs. S. L. Jackson of Daytona; secretary,

Miss Edyth Bainter of Daytona.

## GOOD SHOW GIVEN YESTERDAY EVENING

BILLY "SINGLE" CLIFFORD AND HIS MERRY MINSTREL MAIDS AT THE NEW DAYTONA—LEAVE TOMORROW.

The good "house" present at the New Daytona theater last night pronounced Billy "Single" Clifford's "Believe Me" show a good one; that is, such was the pronouncement if general and prolonged applause signifies anything. Billy's merry minstrel maids were right there with plenty of pleasing, properly-placed action, and the Louverne Ladies' Band and Orchestra was a distinct hit. The Weston Sisters' violin and cello work was repeatedly encored. Musical Walker's black face efforts were good, but just the slightest bit "too funny." Mr. Clifford fully held up his reputation as an all-round class-A entertainer, and succeeded in starting a good-humored "roughhouse" with the audience, just before the conclusion of the program, that left the house in an uproar. There is no real plot to "Believe Me"—there doesn't have to be—but it gets over just the same.

The concluding performance of the Clifford company will be given at the New Daytona this evening. A change of program is promised.

### Might Imitate the Squirrel.

The squirrel is able to tell a good from a bad nut, man has to bite into the nut and get a bad taste before he knows of his error. The squirrel always stores up food for the winter he knows is coming. Is that instinct? If so then 99 per cent of the men of today should go back to instinct, and not go to the wall—every time anything happens that turns their regular income in the wrong direction.

### First American Sugar Factory.

America's first beet sugar factory was erected in Philadelphia in 1830. It did not prove a success and was dismantled. The first successful beet sugar factory was built in 1870 at Alvarado, Cal. This factory was in operation until 1913, when it closed down. It is estimated that \$100,000,000 is now invested in the sugar beet industry of this country.

The term vaudeville, which is now understood in the old meaning of the variety show, originally meant a short, light dramatic piece in which songs set to familiar tunes were introduced. DAYTONA BEACH, Dec. 9.—Edward F. Randall, of Sound Beach, Conn., proprietor of the Kathmere Inn, has leased Pinehurst of Mr. and Mrs. W. H. Freeman for the winter season. The house was opened Dec. 1st and Miss Browning, of Springfield, Ill., who is an old friend and regular season guest, arrived last week to spend the winter. Mr. Randall's family is with him. He is an experienced hotel man and proposes to make a success of the season business.

Mr. Reed, father of J. L. and Miss Marquerite, was called to Atlanta, Ga., last week as witness in a law case.

Mr. and Mrs. J. W. Edmonds, of Arlington, N. J., and Daytona Beach, arrived Saturday and are domiciled for the season in their winter home on Halifax avenue. Their granddaughter, Miss Winans, who spent last winter with them, will not come south this winter.

Mrs. Brewster, of Atlanta, Ga., has taken a flat in the Orr apartment house on Seabreeze avenue.

Mr. and Mrs. G. L. Johnson, Miss Murphy and Miss Bessie Peacock motored over to the county seat Sunday,

where they joined a large automobile party and made the trip to Blue Lake, where they enjoyed a picnic dinner.

Mrs. R. A. Bush, of Gloversville, N. Y., is season guest at the Palm.

Mr. and Mrs. J. P. Glenn gave a delightful little dance Saturday night to the young people of the town, and the guests at the Seaside Inn.

The quilt pitchers have organized for their winter amusement, and are to be seen any sunny day in larger or smaller groups enjoying their favorite pastime on the "village green" where Seabreeze avenue meets Orange. There are always a bunch of seat warmers to look on at the game and who are mildly interested in the outcome, and exercise themselves to throw in word of encouragement or discouragement as the playing proceeds. By these signs and the number of loungers at the postoffice at small hours we know that the season is upon us.

J. E. Coleman, of Keene, N. H., came in with a party of tourists last week and is at the Palm for the winter.

Mrs. E. E. S. Putnam, of New Jersey, has secured rooms at the Strother home on Seabreeze avenue, where she is spending her second season, and her sixth season in Daytona Beach.

Mr. and Mrs. Thos. Leish arrived from Cleveland, Ohio, last week and have taken rooms at the Strother home.

Dr. Irwin, season guest at the White House, entertained a party of friends from his home town, Danville, Ill., Sunday.

S. W. Arnold and wife, of Peckville, Pa., registered at the White House for a short stay.

Miss Catherine Swartz and her mother, Mrs. Swartz, who, but for sickness, would have been here earlier in the season, arrived this week from Crown Point, Ind., and are again at the Palm for the winter.

Mr. and Mrs. Goldenberg and Mr.

### Peanut Growing in China.

Within twenty years the growing of  
California peanuts in Shantung, China,  
has become a great industry, with an  
export trade of 150,000 tons.

### Germany's Flower City.

Erfurt is appropriately called the  
"Blumenstadt," or Flower City, of  
Germany. Almost three per cent of  
the population is engaged in commer-  
cial horticulture. While vegetables  
and flowers for sale are grown on a  
large scale, of much vaster propor-  
tions is the business in flower and  
vegetable seed. The larger Erfurt seed  
firms ship to almost all parts of the  
civilized world. The United States im-  
porting large quantities of Erfurt hor-  
ticultural products.

### Not Unnatural Inquiry.

Dorothy has a baby brother who  
has recently been ill, cutting his first  
teeth. The baldness of the baby's  
head had caused Dorothy great anxiety.  
She stood at the mother's knee  
one day gently patting the little head.  
"Be careful, Dorothy," said the mother.  
"You know poor little brother is  
ill. He is cutting his teeth." Dorothy  
patted the bald head reflectively.  
"Mamma," she said, "will it make him  
ill when he cuts his hair?"

### Light in Ocean's Depths.

Distinct traces of light have been  
detected in the ocean at depths of  
more than 3,600 feet by an English  
seagoing expedition.

### Effects of Tuberculosis.

Professor Fishburn finds tubercu-  
losis almost invariably producing either  
an exaggerated ego and colossal  
selfishness, or a great susceptibility  
to suggestion. This last explains the  
consumptives' credulity with respect  
to "fake" cures and their apparent  
improvement under such treatment.

### First Introduction of Artillery.

In the reign of Louis XIV bronze  
cannon were used. Canvas cartridges  
and grape shot first appeared. The  
howitzer and mortar were evolved.

Explosive shells were introduced into  
Dutch and English armies. About the  
year 1700 William III recognized the  
growing importance of artillery and  
organized his guns into regiments with  
permanent gunners. Heretofore men  
had been detailed as needed.
